

CCSE-CMS-R Chairperson device short mic, black

CCS 700

The CCS 700 Ultro Discussion System is a suitable for use in meetings and conference venues with a limited number of participants.

The CCSE-CMS-R Chairperson devices are equipped with enhanced functionality that enables the user to take the role of chairperson in a conference or meeting. The unit has a fixed microphone with flexible stem of shorter length. Two headphone sockets can be used to listen to the discussion in situations with excessive background noise.

Functions

Priority button for chairperson microphone

In addition to the 'microphone on' button the chairperson units feature a 'chairperson priority' button. When pressed the priority button causes all currently active delegate microphones to be permanently muted.

Optional chime tone facility for preceding chairperson announcements

A sliding switch is available on the rear of CCSE-CU-R which can be used to activate the chime tone to precede chairperson priority calls.

Built-in loudspeaker

Loudspeaker volume is set centrally at the control unit for all delegate units. To prevent acoustic feedback, the built-in loudspeaker is automatically muted when the microphone is on.

Two headphone sockets

Two 3.5 mm stereo headphone sockets (wired for mono) allow two pairs of headphones to be connected so two delegates can simultaneously use

- ▶ Priority button for chairperson microphone
- ▶ Optional chime tone facility for preceding chairperson announcements
- ▶ Modern, unobtrusive styling to match the CCSE-DS Delegate Units
- ▶ Microphone with flexible stem of shorter length and light ring
- ▶ Two headphone sockets

the unit. It is also possible to connect a tape recorder to one headphone socket, and use the other headphone socket to listen to the proceedings.

Built-in volume control for headphones

The headphone volume level can be adjusted by means of a thumbwheel on the unit for maximum comfort.

Controls and Indicators

- Microphone on/off button.
- Chairperson priority button.
- Rotary volume control for adjusting headphone volume.
- Loudspeaker, automatically muted when microphone is on.
- Microphone 'on' indicator (red LED).
- Light ring indicator on microphone stem, lights up red when microphone is on.

Interconnections

- 1 x 2 m cable terminated with a 8-pin male connector for loop-through connection to other delegate or chairperson units.
- 1 x 8-pin circular female connector for loop-through connection to other delegate or chairperson units.
- 2 x 3.5 mm stereo headphone sockets.
