

## Mixing Console

MSK-16.4

The MSK compact mixing console range offer a versatile and cost effective solution.

Professional features such as 3-band swept EQ, 4 auxiliaries, high quality onboard DSP, 4 subgroups and USB connections. A 9-band graphic EQ on the output and balanced XLR output connections make these comprehensive and feature packed mixing consoles suitable for

many different applications.

Features

- > 3 band with swept mid EQ on mic channels
- > 4 band EQ on stereo channels
- > 9 band graphic equaliser
- > Rackmountable model MSK-8.4

MODEL	MSK-8.4	MSK-12.4	MSK-16.4
