Durable carpeted exteriors and stunning sound for the rigors of the road.

A sophisticated spray-finish look with the legendary Club V sound.

- Painstaking selection of parts and components, optimized wooden enclosures, and a thorough reevaluation of speaker capacity take sonic performance to a new level.
- Dual phone jacks and dual Speakon connectors for input and parallel connection
- Protection circuit prevents excessive tweeter input due to acoustic feedback or other causes.
- Durable enclosure with arced steel grille, and large metal handles for improved portability
- S112V (C112V) and S115V (C115V) are equipped with a pole socket for use with speaker stands.
- The YSProcessing (Yamaha Speaker Processing) switch provided on the EMX series powered mixers and P series amplifiers enhances matching with single-woofer models for even greater sonic impact.
